Oust Vickers For Annex 'Delay'

The Daly City council's first major policy split in three years occurred last night when Councilman Sanford Vickers was "fired" from his appointive position as director on the North San Mateo County Sanitation district for "delaying tactics" in annexation of the 276-acre McKeon subdivision.

After an hour and a half debate during which Vickers refused to concede on his demand for more study on the annexation, the council voted, 4-0, to vacate his position on the sanitation board, unless Vickers "conformed" to the council's policy.

The council had already approved terms of an agreement for annexation of the McKeon lands to Daly City, but Vickers, along with sanitation board chairman Thomas Callan had called for further study before including the property in the sewage district. Since the sanitation district has only a three-man board, Vickers and Callan held the majority over the third member, Councilman Del Wilson.

"Un-Democratic"

Declaring that the two councilmen appointed to the board were only the council's "delegates," Mayor Joseph Verducci said in a prepared statement that, "to permit one member of the council, as a director of the district, to act contrary to the opinion of the majority of the council could be to permit one member of the council to determine the policy of the entire city." The mayor said this was "un-democratic."

The chief issue was installation of a sewer transmission line from the McKeon tract to 87th and Washington street. Vickers and Callan held that costs of the installation would far exceed revenue received from McKeon under the $25 per lot annexation fee. Under the agreement, the district would provide the line.

The four councilmen maintained that the list of district annexation charges specifically said that installation of transmission lines was provided for under the $25 per lot fee.

For the third straight week Verducci asked Vickers what his opinion was on the council majority's contention that the sanitation directors should carry out council policy.

"No Authority"

Early in the heated debate, Vickers told fellow councilmen, "As I've said before, the district has no authority to act now. The government has no right to bind itself to an agreement of this kind. We're stepping too fast. We should make further surveys."

"It's a policy matter," replied Verducci. "Should the district di-

Callan Hits Councilmen On Firing

Supervisor Thomas Callan Sr. today termed "a crime" the firing of Councilman Sanford Vickers from the North County Sanitation District board by his fellow councilmen Tuesday.

"Vickers is the only man on the board who knows what he's talking about when it comes to engineering and sewage problems," he protested. "He's the best man the district has ever had, and as far as I'm concerned he has forgotten more than the four councilmen combined will ever know."

"Since Vickers joined the sanitation district," he continued, "things have operated better than ever before. I think the councilmen have done him a great injustice."

Vickers was dismised for what the councilmen called his "delaying tactics" in the annexation of the 3000-lot Doelger and 2500-lot McKeon properties to the sanitation district. He disputed the annexation terms of the two tracts which include a $25 per lot hookup fee. Vickers told the councilmen the sanitation district has no authority to agree to annexation at the present time.

"This tentative annexation should be approved by the county boundaries commission and then recommended by the county board

Broadmoor-DC Marriage In Study Stage

Representatives of Daly City, Broadmoor, Garden Village and Sterling Park talked over the timely topic of annexation last night in an "exploratory" dinner session held at Copperwood Lodge in Colma.

Outcome of the meeting was agreement that a five-man committee, made up of two Daly City representatives and one each from the three unincorporated areas be formed to study the oft-discussed annexation.

Mayor Joseph Verducci told the group that, "We'd like to see Broadmoor annexed, if it doesn't cost Daly City any money. There are a lot of problems and some may have to be solved with assessment districts."

The mayor declared that Daly City was in a much better bargaining position now since the McKeon interests have committed themselves to annexation by Daly City.

"Not Beggers"

Howard Richardson of Broadmoor objected to this reasoning, and told Verducci, "We're not coming in as beggars. Daly City is in no position of bargaining

BACK TO SCHOOL was an especially happy event this week for Robert Porcelli (left) and Gloria Ciarlanti (far right), who were sidelined last year due to physical ailments. Shown talking over their plans with Jeff student Marilyn White, 778 Templeton avenue, the youngsters are both in the eighth grade at Colma school. Robert, son of Mr. and Mrs. Attilio Porcelli, 47 Peoria street, was stricken with rheumatic fever which kept him in bed for 13 months. Gloria, daughter of Mr. and Mrs. Ralph Ciarlanti, 772 Templeton avenue, spent 8½ months in a body cast after injuring her hip bone.

Parents Of Five Held For 'Neglect'

Petition charging that a Daly City couple are unfit parents to their five children is scheduled for hearing in juvenile court on Wednesday, according to Tony Lavoi, chief assistant probation officer.

Children of Mr. and Mrs. Floyd Michael, 342 Miriam street, are being held by juvenile authorities pending decision by the court. The youngsters, ranging in age from one to nine years, were taken from their home last Thursday night by Daly City police.

Officer George Brooks, following a call from neighbors, responded to the Michael home where he reported he found the five crying children huddled on a couch in the living room.

The youngsters related that their mother had left during the afternoon and their father, during the early evening.

Police records show that Thursday's incident was the third time this year officers have been called to the Michael home.

On July 2 a three-month-old son was found dead in his crib by neighbors. Neither parent was at home, police said.

Then on July 25, grandmother

Planners Approve Super Market On DC Theater Site

Application of W. F. Peterson and Co. of Sharp Park to convert the Daly City Theater into a super market was recommended for approval by the City Planning Commission Wednesday night. The matter now goes to the City Council for final consideration.

Julian D. Cohn, 93 Dorchester drive, presided as new Planning Commission chairman after a special caucus naming him to the post the next 12 months. He replaces George Pingry, who resigned to accept employment in Sacramento. Roy W. Foster, 536 Hillside boulevard, also attended the session as a new member of the Planning Commission.

The Planning Commission also:

A letter from Harry Jenks, Sanitation district consulting engineer, to the council Tuesday night praised the new sewage treatment plant in Westlake and touched on the beauty of the landscaping and flowers.

Commented Mayor JOSEPH VERDUCCI, "the stuff you're getting down there must be good for the flowers."

Urge Meter Money Fund For Off Street Parking

Restoration of parking meter monies to a fund for providing off-street parking was urged Tuesday night by Councilman Sanford Vickers.

During a discussion on installation of parking meters for Brunswick street, Vickers suprised the council by making a motion that all parking meter funds be set aside for off-street parking, as called for in the original ordinance on meters.

Mayor Joseph Verducci gaveled Vickers out of order, reminding him that a resolution was before the floor on the Brunswick parking limit.

After the Brunswick parking meter proposal had passed, 4-1, with Vickers opposing it, he reiterated his earlier motion on use of parking meter money.

Verducci asked for more study, as did Councilman Paul Hupf.

The matter will be up for discussion at the council's study session next Wednesday.

Smith Wants Survey

Two-hour parking meters on Brunswick between Hillside and Wellington were opposed by H. H. Smith Jr., owner of property on Brunswick street. He demanded to know if a survey had been made to show need for the meters. Police Chief Roland Petrocchi said there had been a survey and it had revealed that there was little parking available on Brunswick, "So we recommended two-hour parking meters to give a better turn over."

Smith maintained that there should have been a written report and that local property owners should have been asked for a recommendaion on the parking situation.

Said Verducci, "We asked the chief for a recommendation. It doesn't matter if it's written or not."

Smith then asked if the parking meter money still went into the general fund. Verducci informed him it did.

SCHOOL DEBUT NOT ALL SWEETNESS AND LIGHT

School opened Tuesday for some 5690 Jefferson Elementary district students, but the education debut did not pass without incident.

While on the whole the opening was described by administrators as a "success," a number of district parents thought otherwise.

Chief complaint was broached Wednesday night at the board of trustees meeting, when four mothers from the Crocker tract area told of conditions at the General Pershing school annex, 659 Hanover, which they described as "worse than the Fillmore district."

The classroom, which houses third grade children, is a renovated home.

Mrs. G. J. Burdick, 28 Frankfort, told the board there was no bathroom as required by the state, the stairs were rickety, the floor battered, the play field dirty, and cited conditions generally as bad. The three women with Mrs. Burdick, Mesdames Edward Kearns, 95 Frankfort, L. B. Rhodes, 62 Frankfort, and L. Massoni, 291 Roosevelt, agreed heartily and threw in several other complaints for godo measure.

Appraised of the situation, trustees agreed that it was undesirable, but contended that it was better to have some classroom space than none at all, thus necessitating double sessions.

The board authorized administrative assistant David Shapiro to investigate cost of remedying the more serious faults.

Among other bones of contention was the triple sessions at most kindergartens, where youngsters are staggered on schedules from 8:30 to 10:40 a.m., 10:40 until 11:30 a.m. and 12:30 p.m. until 3:10 p.m. Normally kindergarten is in session from 9 to 11:30 a.m.

A third sore point was the charge by Mrs. Jack White, 689 Templeton avenue, who criticized the long delay in remodelling the Gen. Pershing school annex and

City Gathering Data On Brisbane

City officials are gathering data on the proposed annexation of Brisbane prior to launching an extensive engineering survey to determine costs of the merger.

City Manager Howard Stites and Administrative Assistant F. F. Avilez have received a report of the 1954 Brisbane incorporation plan and are studying the sewage and street maintenance aspects of the nearby community.

Stites told THE RECORD today the survey will not begin until after Mayor Joseph Verducci and other city officials confer with representatives of the Crocker estate. The Crocker property holds the key to the annexation issue. Date of the meeting with Crocker officials has not been confirmed.

Meetings with the Jefferson Union High School district and the elementary school district covering Brisbane also will be necessary, Stites indicated.

Members of the Brisbane Home Owner's Association proposed annexation to the City Council last month. Stites and Councilman Paul Hupf later appeared before the homeowners and discussed benefits of the merger. During this confab it was decided that an annexation survey would be feasible for both parties.

Garbage Site Airing Due Wednesday

Heated controversy over the Bernardi ranch dump site proposal is due to be aired Wednesday at a meeting of the county planning commission.

Both the Daly City and Coastside Scavenger companies have applied for permits to operate a fill and cover dump operation on ranch property, located over a mile from the limits of Linda Mar.

Lionel Spencer, spokesman for the Linda Mar Homeowners association committee opposed to grant of the permit, said today that he expects to present petitions bearing about 2000 signatures to the planners.

In addition to the petitions, a series of letters opposing the dump will be read into the record. Also fighting the Bernardi ranch site are the Laguna Salada school district board, North Coast Water district and the North Coastside Businessmens association.

Meanwhile, attempts by Spencer to effect a reconciliation between dump owner Anthony Pitto and Coastside Scavenger Partners Mario Torrigino and George Giordano ended in failure.

Pitto owns the property where the scavengers are presently dumping. He and his former partners have been at odds since an involved court battle earlier this year which ended in Torrigino and Giordano turning in high bid for the Scavenger company.

Spencer said today that "we might look elsewhere" for a sca-

SUSPECT DC MAN OF CASBAH BAR HOLDUP ATTEMPT

A .32 caliber revolver, found in the apartment of Michael A. Finnegan, 27 Hillcrest avenue, has been identified as the weapon stolen from the Casbah tavern, 6192 Mission street.

Finnegan was arrested last week on a charge of robbing a Brisbane liquor store. The revolver was found in his apartment by Daly City police.

A warrant for his arerst on the new charge will be issued this Friday, according to Inspector Bruno Conci.

List Condition Of Shooting Victim As 'Satisfactory'

A 34-year-old Daly City man, victim of an accidental shooting Monday night, was reported in satisfactory condition at Peninsula hospital at press time today.

The victim, Joseph Burgess, 243 Miriam street, was shot through the abdomen when a gun discharged in the hands of one of his best friends, Verner Tranberg, 46, 227 Miriam street.

Tranberg, a former auxiliary police officer, was showing Burgess how to load a .32 caliber revolver when the gun went off, the shot tearing through Tranberg's hand and into Burgess' abdomen.

Police said the pair had traded guns on Sunday and that Burgess had brought the revolver to Tranberg for instruction the following evening. Scene of the accident was in the basement of Tranberg's home which he had converted into an ammunition loading room.

Tranberg's gunshot wound was treated at Kaiser hospital in South San Francisco.

The proposed Vista Del Mar school on Southgate avenue, plagued by erosion problems, faced another delay Wednesday night when Jefferson Elementary School district trustees turned down a lone bid of $50,372 for stabilizing the school site slope.

Original cost estimate made August 22 for the stabilizing was $12,000.

The school had been scheduled to go to bid in about three weeks, but will be held up until the reinforcing work is done on the slopes.

Bid of $50,372 for the project, submitted by Charles L. Harney, was termed "excessive" by the school's engineer.

Trustees referred Harney's bid to the district attorney with the request that he rule on whether the school district could reject the bid and negotiate to contract the job on an equipment rental, cost plus basis, providing for a top price which the board would set.

Purchased in 1953

The eight-acre Vista Del Mar site, purchased orginally for $81,506 in 1953, has been a thorn in the side of the district because of delays and more recently because of a lawsuit.

Last winter during heavy rains tons of soil gave away near Bradley drive, leaving a home at 932 Bradley standing only a foot away from a 20-foot precipice. The owners, Mr. and Mrs. James Bullis, have a damage suit for $25,000 pending against the district.

Architect Mario Ciampi told the board that the situation was now "critical." He said the slope stabilization would have to be started "immediately" so construction of the school could begin on schedule in "about seven weeks." The state has approved final plans for the building and Ciampi is currently drawing plans and specifications to go to bid in three weeks.

Board chairman Katherine Mullen quizzed Ciampi as to why he had made a cost estimate of $12,000 for the project on August 22, while the bid was in excess of $50,000. "I had heard that you never made a mistake that big before," she said.

"Not a Mistake"

Ciampi denied that it was a mistake, relating that the soil engineers, Clyde, Woodward & Associates, had revised their estimate of the amount of soil movement necessary after he had made his figure.

As explained by M. J. Van Loben Sels, representative of Engineer Edwin Smith, the $12,000 estimate was based on reinforcing two slides. Since then the soil experts and engineers have agreed that the two slides should be

Two North County arrests, one in Daly City, today touched off an intensive investigation of narcotics activities here.

Three suspects, all charged with possession of narcotics, are William Lyman, 23, 6231 Mission street; Larry Marquez, 314 Miller avenue, South San Francisco, and his wife Socorro.

Lyman is now being held by San Francisco police on a charge of car boosting. A warrant for his arrest on the narcotics charge has been signed by Daly City Inspector Bruno Conci.

According to Conci, San Francisco officers discovered a marijuana cigarette in Lyman's apartment while making a routine check in connection with the alleged car boosting.

Discovery of the Marquez operation was made by South San Francisco police who reportedly found five sticks of marijuana and kits and hypodermic needles similar to those used by heroin addicts.

Mrs. Marquez was scheduled to be arraigned this Friday. Her hus-

ARREST MIDGET, 2ND YOUTH AND 3 GIRLS AT LOCAL MOTEL

A 19-year-old midget was charged with contributing to the delinquency of minors when he was arrested with three minors early Wednesday morning at a local motel.

Appearing in municipal court later the same day, Neil E. Chervenak, a sheetmetal worker who gave his address as Bailey's garage, Tahoe Vista, was placed on summary probation for one year.

Sergeant David Hanson was called to the Mission Bell motel, 6843 Mission street, by the night clerk who said he suspected three of his customers were juveniles. Upon entering the motel unit, Hansen arrested the foursome.

The two 17-year-old San Francisco girls and boy were transferred to Hillcrest Juvenile home.

Cop Injured In His Second Motorcycle Mishap This Month

A 28-year-old Daly City police officer was recuperating this week from his second motorcycle mishap this month.

Richard Phillips, 291 Fairlawn avenue, was responding to a fire call Sunday night when his motorcycle hit a rut at 92nd and Dunk streets, throwing him to the pavement. Early this month Phillips suffered minor injuries in a similar accident.

Police credit new safety helmets with preventing more serious injuries.

Phillips was treated at Junipero Serra hospital for severe leg cuts following Sunday's mishap.

Kirchhubel joined the debate, charging that the council was "going far afield." He said the original reason Brunswick street was constructed was to "alleviate" the problem, not to provide revenue."

At this point Vickers interjected his motion on expenditure of parking meter money.

Smith took up the argument again, inquiring if the city had ever made a survey in Westlake to determine necessity of parking meters there."

City Manager Howard Stites answered that sufficient off-street parking was available there at the present time.

Other Action

In other action Tuesday, the council:

1. Referred to the police chief a request by Kenneth Bassler to operate two draw and lowball poker tables at his pool room.

ADD THREE WOMEN TO FRIENDS BOOK DRIVE COMMITTEE

Three names have been added to the roster of committee members who will organize the Friends of Library book drive next month. They are Mrs. Eleanor Cohn and Mrs. Rosetta Leavick, representing the PTA, and Mrs. James Duryea of the Westlake Catholic Women.

2. Directed Stites to contact Ricco Lagomarsino relative to cleaning up vacant lot at Market and Hillside, at request of Don Lasher, president of Hillside Improvement association.

3. Agreed to hold a welcoming dinner for the commissions to enable the five new members to become acquainted with city officials.

4. Approved four requests for business licenses but held over for further study application of Robert E. Smith to operate a junk dealership at 2133 Junipero Serra.

5. Introduced ordinance rezoning three lots bounded by Mission, Citrus and Miriam streets from R-3 to C-1.

venger company since the "Coastside company did not even attempt to cooperate." Contract for the business is still under consideration by the Sharp Park Sanitary district.

Offer by Pitto to the Coastside scavengers was that he rent the dump at cost of $200 per month plus four cents for each home added annually.

Spencer declared that the offer also included setting up an arbitration board. Members would consist of representatives from the Sharp Park, Ocean Shore and Half Moon Bay sanitary districts, Linda Mar Homeowners association, county board of supervisors and the county health department. According to Spencer, this proposed board would review every condition of the lease.

Torrigino said today that his firm had refused the lease because neither length of time nor extent of property to be allowed the Scavengers was specified. He added that he also felt the rent to be too high.

rectors abide by the majority of the council's opinion?"

"I have a mind of my own," retorted Vickers. "If the rest of the council wants to decide for me, I say definitely no."

Sanitation district attorney James Morton was on hand and underwent questioning by the councilmen. He backed up most of Vicker's arguments, and Verducci accused him of "discussing policy matters instead of sticking to legal answers."

"You Can Remove"

When the verbal battle had apparently reached an impasse, a member of the audience, tavern owner George Kirchhubel, asked the council, "You appoint the directors. So there shouldn't be any delay. You can remove them."

"That's exactly what I had in mind," said Councilman Paul Hupf. "I do this reluctantly because Mr. Vickers has shown foresight in all sanitation district matters except this."

He then moved that Vickers either conform to the majority opinion or vacate the position. Second came from Vickers' fellow director, Wilson.

All four councilmen voted to vacate his position under these terms, while Vickers abstained.

At the conclusion of the vote, Vickers told the council, "I have no animosity, but if the council doesn't want to know the facts, you will have to suffer the consequences."

Vickers has been a member of the sanitation board since May, 1953.

Once the mayor goes through the formality of officially declaring Vickers job vacant, he will have to appoint a replacement. The new director will either be Micheal De Bernardi or Hupf.

Since there is no official appointment at this time, it is believed that Vickers can still sit on the sanitation board Monday when it again considers the McKeon annexation.

Expect To Raise 2nd Story On New Walton Home This Weekend

Volunteer carpenters are expect to raise the second story on the new James Walton home this weekend, spokesman Peter Markovich said today.

Over 30 men, 20 of whom are Henry Doelger workmen, will be on the job at 108 Knowles avenue.

The Waltons and their four youngest children were burned out of their home May 15. The family, which had been beset by illness and misfortune for years, had no insurance to cover their losses.

Immediately following the tragedy a committee was formed to raise funds to build a new home for the stricken family. It is hoped that the building will be completed by Christmas, Markovich declared.

power. Our streets are good and we've got water now." He admitted there ware "some engineering problems," but pointed out that, "We'll help pay Daly City's bonded indebtedness."

City Manager Howard Stites explained some of the benefits of annexation, but advised the assemblage not to "make progress too quickly. He maintained that the communities could "consolidate with benefits to both." The manager declared that Broadmoor would not have to pay any "appreciable increase" in taxes if annexed to the city.

One important hurdle was overcome when the city officials said that most of Broadmoor's popular police department personnel could probably be absorbed into the Daly City department.

Jack Baker, chairman of the Broadmoor Owners association annexation committee, expressed confidence that, "We'll get a square deal from Daly City."

Verducci concluded that, "We want you but we're not being pressed. Let's face it. Your bargaining power is less since McKeon is coming in But I think we'll resolve any differences."

The unincorporated groups are scheduled to name their individual representatives to the committee this week or early next week.

Those representing Broadmoor last night included Baker, Richardson, Bob Buchanan, president of the BPOA, Al Nickas, Bill Kraschel and Mary Coppola, directors. From Sterling Park was Thomas Noonan, president, the individual who was instrumental in the unsuccessful move for incorporation of the city of Northgate last year, Stanley Brown appeared for the Garden Village group.

Daly City's contingent was made up of Councilman Verducci, Paul Hupf and Del Wilson, Stites, and his assistant, F. F. Avilez.

Callan Hits Councilmen On Firing

(Continued from Page 1)

of supervisors," he contended. "I don't believe any governing body has a right to bind itself to a contract by a corporation until all engineering and surveys relating to the project are anaylzed."

"I will not bind myself to such an agreement until all the facts and specifics are outlined," Vickers declared.

Mayor Joseph Verducci claimed the council and its representatives already have made careful studies of the matter and that to hold up annexations any longer would be unfair to the developers of the two tracts.

Another upshot of the Vicker's removal was that the Jefferson Elementary School district board of trustees Wednesday night deferred action on an agreement with the sanitation district for increasing the size of the size of the line at Benjamin Franklin school.

"If we're going to have to help pay for putting in McKeon's line I'll rescind my motion to enter the agreement," said Trustee Hartley Appleton, who after hearing of Vickers firing, had commented earlier, "I've changed my point of view in light of what I've heard tonight."

"It's not right for the school district to pay for a line that will help bring in a subdivision," Appleton continued.

Trustee Michael Callan then remarked, "Especially when they remove a man who's fighting for what's right."

JUNKING LAST YEAR'S REPORT?

The perennial annexation of Broadmoor to Daly City came up for discussion again this week.

Just about a year ago the annexation was a hot topic of conversation and the city decided to have an extensive survey prepared which would outline comparative advantages and disadvantages of annexation or incorporation of the Broadmoor area.

This survey eventually became known as the Baughman report, prepared by William Baughman. Services of Mr. Baughman were retained and he was paid in excess of $600 for his trouble.

At the time the survey was hailed as a pretty good piece of work, detailing what improvements would be necessary in Broadmoor, what the costs would be, ad infinitum.

This week city officials appeared to have relegated the Baughman report to a thing of the past. At Tuesday's meeting the Baughman report was termed a "starting point" by the mayor. Broadmoor officials said the report had "incensed" people of their community and indicated it would be better to start fresh.

Is it a criterion of a report of this nature that it pleases everybody? The Baughman report ostensibly gave the cold, cruel facts on facilities needed in Broadmoor. If the facts are unpleasant, should they be altered?

We hardly can believe that a report which took several months to prepare and was only completed less than a year ago can already be obsolete. If this was the case any new survey started now would be obsolete by the time it was typed and bound.

The city had the utmost faith in Mr. Baughman when he prepared his report.

And officials did not express displeasure with the report when it was presented.

With minor exceptions, the tables and figures submitted by Mr. Baughman on January 18, 1956, should still apply today.

If Daly City and Broadmoor are going to seriously get down to work on this annexation business, they should use the Baughman report as their reference, and not start fresh with several new surveys.

Surveys have a way of winding up in the junk heap. Right now a similar study is underway for the Brisbane area. Will it find its way in to some dust-filled bin?

If the city is going to pay for these reports, it would follow that the facts contained therein should be put to some use.

We are not interested in seeing the city build a reference library on annexations. The facts are there as implements to be used in arriving at an equitable annexation.

If there's something wrong with the Baughman report, let's hear the details from the city fathers.

MEMBERS OF SCOUT Troop 92 are busy these days preparing for the big scout Camporee October 5 and 6 near Westlake Shopping Center. Shown readying equipment are (back row): Bob McGregor, Bill Gassaway and Bill Stewart, (second row): Ronnie Miller, Don Mason and Bruce McGregor, and (foreground) Roy Van Otten and Doug Salin. All Scout troops in the Lake Merced Scout District will participate in the Camporee, first of its kind to be held here. THE RECORD photo

MERCHANT ASKS CITY HELP FOR CHRISTMAS LIGHTS

Charging that Daly City's Christmas lighting display has been forgotten for two years, Joseph Lewkowitz appealed to the city council Tuesday night to lend its aid in planning ahead for this year's decorations.

Mayor Joseph Verducci called on City Manager Howard Stites to work on the project.

Stites said that solution was to get the businessmen to "spend a few dollars."

Lewkowitz replied that when the city raised the business license fee from $12 to $18, the agreement with the previous council had been that the additional money would go to pay for lights.

TOOL SHED THEFT TO SUPERIOR COURT

Willilam Gibson, 34-year-old San Francisco machinist of 2425 Mission street, today was held to answer in Superior Court on charges of burglarizing a Henry Doelger Inc. tool shed in Westlake three months ago.

Municipal Judge Thomas L. Bocci set bail at $1000 cash or $2000 bond. Gibson was arrested September 5 and admitted taking the tools, police said.

Thomas Ehrhardt, 51 Cielito drive, San Francisco, was sentenced to 30 days in jail or $300 fine for drunk driving. He posted $500 bond following his arrest here September 4.

Judge Bocci dismissed a drunk driving charge against Francis Rockwood, 1048 Ellis street, but sentenced him to 30 days in jail or $150 fine for reckless driving. He was booked here July 29.

Charles Trkola, San Francisco realtor, 2245 Cabrillo street, forfeited bail on a September 2 drunk charge. Case of Roy E. Corner, machinist of 243 Mission street, on a drunk driving count was continued for plea next Thursday. Corner was arrested August 29.

BREAK-IN

Nearly all makes of new cars recommend that during the break-in period, the owner drive at varying rates of speed. Many also recommend short bursts of fast acceleration to aid the break-in process reports the California State Automobile Association. Slow, steady driving is definitely not recommended.

Notes from here and there: Home on the convalescing list we find MRS. CARMELLA PORCELLI of Peoria doing nicely after recently undergoing surgery at St. Francis hospital. PL 5-0679

One of the most surprised gals in town was Eileen Crofton the night Billie Buchanan and Doris Cunningham gave her an unexpected baby shower. Eileen went to Billie's house on Manila to attend a Holy Angels Women's Guild board meeting — she thought! After wondering why everyone else wasn't very enthusiastic about getting down to business, she found out why when all the other guests rang the doorbell! All together, there were about 28 people there to enjoy the two beautifully decorated cakes Marge Musto made, the gifts and the talk. Needless to say, the tone of the decorations was distinctly feminine (the Croftons have four boys at present)!

The Mattison family is complete again on Sweetwood now that everyone but Chet is back from vacation. Addie took Pip and Lee to Newport Beach, where they stayed with her mother just two doors from her brother Jack and his family. Ann, who visited in Fullerton first, joined them there. Aside from a trip to D-Land for Pip, they mostly basked in the sun. Meanwhile, Rick went with a group of SF Explorer Scouts to Philmont, the Scout ranch at Cimarron, New Mexico. Chet took his vacation after everybody got home—he painted the house.

Another vacationing Sweetwood family came home, too. Betty and Danny Kass had some time at Lake Tahoe by themselves, and some time with sons Ricky and Lester at Pacific Beach, D-Land and other points of interest down yonder.

Over on 90th street, Dick and Harriet Buhman have been entertianing house guests from Atascadero. Cliff and Dorothy Hier—Johnson and Linda Carol and Ivan stayed with the Buhmans long enough for a good visit, trips to the Zoo, Fairyland and Playland and an evening at Cinerama Holiday. Cliff was a high school friend of Dick's, so there was a great deal of old times talk.

Playing 'Possum

That 'possum is back, the one which visited Bunny and Ken Gillespie's back porch on Gilman a long while ago. This time, Ken took flash pictures to prove his visitor really did come to civilization. After Mr. 'Possum's visit, the Gillespies went off to Santa Maria, Disneyland, Knott's berry farm and all the beaches within reach, where they shared vacation fun with the Kenneth Mitchell (our brother-in-law) family. Incidentally, Ken G. and Collins Orton both worked at the All-Star game at Kezar, sponsored by the 20-30 Club. Collins engineered all the half-time entertainment, and Ken was commentator. Next such job he will have is as commentator for a women's club fashion show in the East Bay. Watch out, Dior and others!

This and That: Jean Brugge and Addie Mattison already looking concerned about the earliest plans for the St. Martins Episcopal Church Bazaar, even though it is not till Dec. 1. . . . That lovely new amethyst and white Chevvie residing in the Belluomini driveway on Maddux. . . . The excellent oil paintings on the wall of Vera Erickson's Park Manor home; she painted them herself. . . . The so-attractive new John Olcese home which we toured recently, adjacent to one of the neatest plant nurseries we've ever seen. . . . Ash Helmer struggling valiantly with brush and green paint in the living rooms of his Maddux Home. . . . The George Carleton home on Stewart practically eclipsed by the boat parked in front (on a trailer, of course!) . . . Benjamin Franklin school an island of neatly arranged classrooms surrounded by dirt, lumber, metal, pipes, holes, trucks, unfinished classrooms, and definite signs that here will be a large, well-equipped school when it's finished. . . . Frank Corso, a hard-working father of three, flashing down Maddux on somebody's racer bike, with two teenage girls on skates being towed behind and another girl on a bike as escort! Such energy!

New Arrivals

The Stork Club has some new members. Raymond Burton Holland has arrived, complete with 8 lbs., 15 oz., to live on Thornhill with parents Genevieve and Ray, and sisters Suzanne and Janet. . . . And on 87th Street, Annette Margarita Dexter is a new 6 lbs., 6 oz. sister for Kenneth Joseph and Rosalie, and a source of pride to parents Rosa and Lee. Welcome, new little young'uns.

The Hess family on 87th street had a birthday the other day when young Jimmy turned seven. After an ice cream and cake-fest at home, he and guests went to the show. Guests were brothers Jerry and John, cousins Carol, Mike and Sharon Van Heck, and friends Joaquin Andrade, Richard Flores and Bobby Bartok.

The Reichards have moved to Corte Madera from Gilman, and everyone is sorry to see them go. Just before they left, Mary Nagel gave Gerrie a luncheon, with neighbors and friends invited. There were 13! Donna Ottosen, Leah Harrison, Bunny Gillespie, Helen Whitehouse, Marion Wickham, Virginia Randall, Muriel Carlson, Corrinne Thomas, Ruth Mary Warner, Lillian McEneaney and Mary's mother, Mrs. Frank Geisel were the fateful number of guests. Incidentally, the Cliff Warners moved into the Reichard home, aerial and all! Later on, Mary and children went home with Mrs. Geisel to Novato for a week, while Dave went fishing at Clear Lake.

More vacation memos: Brian and Jane Whitehead and boys of Beechwood went to Long Beach and Carmel to visit relatives. They took in That Place and Marineland as well. . . . 88th Street's Mary and Ralph Coppola, with Nicky and Chris, had a 5-day while which included D-Land (Mary like the new Skyride best), Boulder Dam and Los Vegas. They stayed at the Thunderbird while in LV, and saw Mickey Rooney, Peggy Lee, Ritz Brothers, Johnny Desmond, Louis Prima and Ken Murray's Blackouts. . . . Grace Marconi and tribe are back on Village Lane after a summer at Ben Lomond, with an earlier July trip to—you guessed it! . . . Bette Cheda, with Michael and Nina, departed from Bradley for a week's vacation at Ben Lomond, too, in company with Nellie Krawetz and sons Jerry, Ronnie and Richard of Washington Street. . . . Ben Lomond had even more Villagers; the John Hess and the Rudolph Andrade families took off from 87th Street for a day's visit with the Brugges at BL, which visit included a barbeque with most delicious steak!

Hospital List

Sorry to report that Eva Quist has had to spend some time in the hospital recently and hope she is well soon. . . . Lynn Leonard has been a hospital patient too, and will have to take it easy for a while. Hope he's out and about before too long. . . . If any other Villagers have been on the sick list, we would like to send our get-well wishes herewith.

Also sorry to report that Ruby and Bob Dini and family are leaving Bradley for Crestmoor too soon, and friends and neighbors on the Top o' the Hill are all unhappy about losing them.

Mary and Ray Lichtenberg, Beth and Rayme, and dog Jute took off from Louvaine for an end-of-the-summer vacation on the Rogue River. They rode the mailboat upriver from Gold Beach to Agness and back, and loved it, wet spray and all. Mary said they had a most heavenly chicken dinner in Agness, too. There were about 30 people in the boat, and since the river was low, they got stuck a couple of times. On the way back they camped at Tule Lake for one night and saw thousands of wild ducks and geese, and spent some time at a motel-with-pool at Birney before coming home.

Dagny Golladay hasn't been driving very long, but that didn't stop her from taking a 7500-mile trip which kept her away from 87th street all summer. She shared driving with Beth Brownlee, who hasn't had a license any longer than Dagny, and who went along with the Golladay girls and their mother. First they went to Spencer, Iowa, to visit D's parents, and then to Woodstock, Virginia, to visit husband Ernest's parents. Beth took a little time, while there, to visit former MacArthurites, the Robert Sheas, now in Washington, DC. Then they went on to Williamsburg, Virginia, and over the southern route to Midland, Texas, to see Dagny's sisters. When everyone left for home, Nancy stayed behind and waited to join a group later at the archaelogical "digs" at Santa Fe. Quite a summer!

AWARDS APLENTY — Daly City police Chief Roland receives plaque from City Manager Howard Stites at Daly City Rotary club luncheon held last week. Award was for excellence of pedestrian record in 1955, and is the latest of many such awards won by the local department. Also a guest at the Rotary luncheon was Fire Chief Elmer Kenedy (left). Looking on at presentation is Councilman Del Wilson. THE RECORD photo

FALL PROGRAMS . . . . "Now what happened to that program?" you ask yourself as you frantically turn your dial trying to locate a certain program. This happens regularly in the spring and fall as stations revamp their program schedules. We are at the beginning of the fall season with many old favorites returning and many new programs planned. Because of space it is impossible to give a complete run down on all changes, but we would like to mention a few outstanding programs.

One of the really impressive additions to the fall programming is a greatly expanded evening color schedule. According to a recent announcement by NBC's president, Robert W. Sarnoff, "The National Broadcasting Company will increase its evening schedule of color television programs by more than 500% this fall." So look for more programs in color.

As to programs, last Saturday, back for its 7th television season "Your Hit Parade" returned to KRON-TV at 10:30 p.m. On Sept. 17, 7 p.m., the popular "Science in Action" with Westlake resident Dr. Earl S. Herald returns to the air. A new medical program "Doctors News Conference" make its debut the same week (Sept. 19, 7 p.m., KRON-TV) featuring leading northern California physicians and scientific writers in a discussion on medical topics.

On Sept. 29, KRON-TV will feature a 90 minute NBC color spectacular starring Esther Williams in her Aqua Spectacle which performed before record crowds in London. NBC's "Wide Wide World" will present "The Hollywood Story" on September 30, marking the first time the entire program has originated on the west coast.

The fine dramatic program "Hallmark Hall of Fame" will feature 90-minute live color series of distinguished dramas when it returns to the NBC network on October 28. During the coming season the NBC Television Opera Theatre will present six productions, including a world premiere and an American premiere.

A highlight of KPIX's programming for the fall is its "Football Game of the Week" telecasts of the National Professional Football league games over the CBS network. A new dramatic show "Studio 57" will premiere over KPIX, September 21. Another outstanding production planned over CBS, KPIX this fall is a tribute to Cole Porter entitled "You're The Top" on the Ford Star Jubilee.

One of the leading programs over the TV lanes last year was "Omnibus" which will now be seen over ABC, KGO-TV at a more convenient time, Sunday at 9 p.m. and will start the fall season on October 7. Another change is the popular "Lawrence Welk Show" which will be seen over KGO-TV, Mondays, 9:30 p.m. starting October 8. Navy Log will be seen on KGO-TV on Wednesday evening at 9 p.m. starting October 17.

KSAN-TV is featuring a new program for teenagers in cooperation with the San Francisco Junior Chamber of Commerce which will debut on the 14th of September. Our educational channel has added several new programs. Dr. Frank C. Baxter will present an all new "Shakespeare on TV" to be offered for college credit by the University of San Francisco, Monday, Sept. 24 at 8:30 p.m. over KQED. A new live program of musical appreciation for children will debut on September 27 at 6 p.m., and a new art series presented in cooperation with California College of Arts and Crafts will premiere the same day at 8:30 p.m. over Channel 9.

This is only a sample of some of the fine programs that are in store for you this fall . . . as we have said before, sometime, during the week there is a program that appeals to everyone from tots to grandmothers . . . certainly television can enrich our lives if we use it wisely.

Harry Riggars Entertain At Open House

By Eleanor Doyle

The Harry Riggars celebrated their recent return from the Orient by hosting an informal open house Sunday afternoon at their home on School street. Guests were greeted by the host, hostess and their two daughters Delores and Hariret.

The family returned from Yokosuka, Japan, after almost a year's stay. Lt. Riggar was commanding officer of a boat unit at Camp McGill. Daughter Delores "Dodie," who is affiliated with the Delta Psi sorority at City College, joined the family in February and stayed until their return home to the states.

Lt. Riggar retired from the Navy at the end of July after 26 years of service, and is now working as an electrical inspector with the Buzekle Electric company in San Francisco.

She is a graduate of Alhambra High school and has completed two years of study at Occidental college where she served as treasurer of Zeta Tau Zeta. The new Mrs. Mosman plans to continue her education at San Francisco State college.

For her wedding the bride chose a floor length gown of embroidered organdy over a taffeta underskirt. Her waist length tulle veil was fastened to a pearl coronet, and she carried a bouquet fashioned of phaleonopsis, stephanotis and a white orchid.

Miss Gwynne Smith of San Marino was maid of honor, while the one bridesmaid was Miss Susan Adams, the bride's sister. Both attendants wore gowns fashioned of lime green organdy. Rhinestone tiaras and orchid bouquets completed their costumes.

Alex Findlay of Pedro Valley performed best man duties. Ushers were John A. Mosman, the groom's brother; Arliegh J. Fonner, the groom's brother-in-law, and Robert Fontes of San Francisco.

The Reverend G. Byron Deshler officiated at the rites. Donald A. Barnes was the organist, while Miss Patricia H. Arnold served as soloist.

About 250 guests attended the garden reception at the home of the bride's parents.

The young couple will be at home at 442 San Diego avenue after October 1.

SNELL PTA MEETING TO OFFER VARIED PROGRAM

A district PTA official, an expert on Braille textbooks, and a fire captain will share the platform Tuesday night when James L. Snell PTA opens another schoolyear of activities.

Woven around the theme "What PTA Can Mean to Your Child," Tuesday's meeting will start at 8 p.m. in the multipurpose room of Garden Village school and will feature Mrs. Robert Palmer, first vice president of 17th district, California Congress of Parents and Teachers; Mrs. Betty Brudno, member of the 17th district's committee on Braille textbooks for blind children, and Capt. Frank Specht, of the Daly City Fire department.

Capt. Specht will set the theme for the nationwide observance of Fire Prevention Week next month, while Mrs. Brudno will speak on the district's project to provide Braille books for blind youngsters. As a supplement to her discussion, Mrs. Brudno will exhibit a collection of the special books, prepared by district members.

Featured speaker for the evening, Mrs. Palmer will introduce area parents to the PTA movement and describe its benefits to children. Well known in the county for her achievements in the field of education, the comely matron and civic leader, who does modeling as a hobby, was district director of education before she assumed the vice presidency. During her term as director, she worked closely with the county superintendent of schools on vital projects, such as school building economy, curriculum and textbook evaluation. Mrs. Palmer was delegate to the Governor's Conference on Education, held last year in Sacramento, and the Teachers Recruitment conference, held earlier this year at Stanford university.

Tuesday's meeting will afford village parents a chance to meet neighbors, school officials and PTA leaders in the community, explained Mrs. Irwin Cohen, president of James L. Snell PTA. "We shall have available magazines and other literature which tell the PTA story, and there will be enough people around to answer questions whic hparents might have about the PTA movement," she added.

Members of the unit's executive board will be hostesses during the social hour which will bring the meeting to a close.

OLPH Speeds Trimmings For 'Top Of Hill' Festival

Final plans for OLPH's Top of the Hill Festival, September 21-23, are swinging into high gear.

Staged in conjunction with the 100th anniversary of San Mateo county, the three-day event will feature fun and entertainment for all.

Workers are busy this week building booths and decorating the interior of the school auditorium in the style of an old-time fiesta.

Automobile parades will take place throughout Daly City next week to stir up enthusiasm for the festival. A gigantic birthday cake also will be displayed in a local bakery window.

Rosalind Reinstra, Miss Daly City of 1956, will light the candle on the big cake Saturday night and distribute slices to all attending the celebration. The attractive miss also will pick the winning ticket Sunday evening for a trip to Hawaii. Tickets also will be drawn for free jaunts to Las Vegas and Reno. In case winners do not want the trips, they will receive the cash equivalent.

Chicken dinner will feature Sunday's festivities from 1:30 to 6 o'clock. Prices for the meal are $1.50 for adults and 75 cents for youngsters.

Honorary chairman for the festival is Father Norman Allen. General chairman James Goulden is being assisted by a committee of more than 200 parishioners.

All benefits go to OLPH school and parish.

Church Welcomes Friedlines Sunday

Rev. and Mrs. J. Richard Friedline officially will be installed this Sunday at 3 p.m. in Vista Grande Avenue Christian church.

The Christian Women's Fellowship will present a reception and tea in Fireside Hall immediately after installation ceremonies.

MISS DALY CITY, Rosalind Reinstra, will present the winner at the Top O' the Hill festival with a free two-week trip to Hawaii. Other prizes to be given include a trip to Las Vegas or $500 and a vacation in Reno or $250. The huge festival, which celebrates San Mateo county's centennial, will be held September 21, 22 and 23 at Our Lady of Perpetual Help school auditorium.

Sheridan PTA Meets Tuesday

Sheridan PTA will hold its regular monthly meeting and a "New Mother's Tea" next Tuesday, September 18, at 12:30 p.m. in the school auditorium.

Mrs. Tony Patch, Second District president, will discuss the meaning of the PTA as featured speaker.

Sheridan PTA will sponsor a rag drive at the school, October 1-5, with proceeds going toward a Hallowe'en party for Sheridan pupils.

DISCUSSING PLANS for the coming year are Father James Bergin and Mrs. Virginia Stanley, president of Our Lady of Perpetual Help Mothers' club. First Fall meeting of the group will be held tonight (Friday) at 8 p.m. in the school auditorium with successive meetings every second Friday of each month. The mothers' club which was formed in 1939 by only a small group of women, has grown through the years to its present membership of about 150.

17th District Sets PTA Meet September 20

Representatives of 115 parent-teacher associations in San Mateo County will meet in Hillsdale high school's Little Theater Thursday, September 20, for the first fall meeting of the Seventeenth Dis-

World-traveler Mrs. Daniel J. Dailey of Los Angeles will address the gathering on "Strengthening Our Communities," the 1956-57 theme of the California Congress of Parents and Teachers. She is author of a monthly feature in the California Parent-Teacher magazine and character and spiritual education chairman for the California Congress.

Local presidents who will head delegations to the meeting include Mrs. Marchetti, Colma PTA; Mrs. Ralph H. Campbell, Crocker-Pershing; Mrs. Irving Cohen, James L. Snell; Mrs. John Eckert, Jefferson High; Mrs. Woodrow Leavick, Westlake; Mrs. Carlos Tydingco, Woodrow Wilson; Mrs. John Pleskach of Bayshore and Midway, and Mrs. Charles Mozzetti Jr. of Brisbane.

'Men of Note' Singers Seek New Members

The "Men of Note," popular San Francisco male chorus, open their fifth year next Monday with an appeal for new members.

Thomas G. Mallen, publicity chairman of the group, insists that the door is wide open for new singers to join the vocal contingent. "We welcome anyone to attend our rehearsals which will be held on Monday nights until next summer," he enthused.

The "Men of Note" operate as a non-profit community singing group and their ranks are composed of men from every walk of life. Since the group's inception in Park Merced five years ago, the chorus has appeared throughout the Bay Area.

Persons interested in joining the male chorus are urged to call JU 4-4666, JU 4-8135 or OV 1-9223 for full details on rehearsal sites and tryouts. Mrs. Mable Jacobs is director of the group.

Two For Tonight

By Leonore Brewer

Since our last column we've camped out on the shores of Lake Tenaya and gone fishing at Saddlebag Lake. We didn't have Mr. Dayton's luck in the Trinity country—we didn't catch a thing, so to compensate for this we climbed up still further to the foot of a glacier and on the way found a beautiful piece of wood to add to our collection.

After dropping down out of the Sieras, we spent some time in Reno and while there drove over to Virginia City, possibly for the last time. That bit of the old West has such potentialities that are being ignored that we find it rather depressing.

Toward the end of the week we made Sacramento and spent the weekend at the Fair. Had a beautiful time and saw every exhibit.

Far From The Column

Of course, none of these activities has the least bit to do with the customary subject matter of this column. Actually the closest we came to the column was reading "Murder Rides the Campaign Train," by The Gordons. We read it because we understand that Twentieth Century-Fox has decided against producing the story. Why? Censorship difficulties caused by politicians who might see an unflattering resemblance between themselves and various characters aboard this fictional train.

It is a notch above the usual run-of-the-mill whodunits because of its timely theme. Of course once the campaign whoop-de-doo is over, its timeliness will be lost, and the studio may just as well bury it.

When available, we read accounts of the Italian Festival being held in San Francisco, including the special showing of some Italian films. We regret that two on the shores of Lake Tenaya automatically ruled out two on the aisle at the presentation of the awards Saturday night.

Controversial

Although it sounds like hindsight, we can't help feeling that "La Strada" was the inevitable winner. From what we have read, it is the type of picture you're either going to go into raptures over or hate thoroughly. We've read some ecstatic comments on it and also some bitterly derogatory remarks.

Also read that KEAR is rapidly approaching its end, a final end this time. This reminds us that the only time a reader really arose in wrath and smote us was a year or so ago when we stood up and asked for help for the station. Revenge is sweet, they say, no matter how long delayed. October first will bring the ultimate revenge to one we hope is still a faithful reader.

One Slip Ends Bunco Artists' Try For $300

Fact that Eugene J. Marty of 27 Fairmont drive was an only child perhaps saved him from being victimized by two cagey bunco artists.

The pair, identifying themselves as Internal Revenue Bureau agents, appeared at the Marty home Thursday. After the men produced badges and credentials, they were admitted into the residence by Mrs. Marty.

The housewife later told police that they asked questions relating to the family's credit rating and background during a 20-miunte interview. After securing answers, the pair assured Mrs. Marty that the information would remain confidential and departed.

On the following morning, Marty received a telephone call in which a Pacific Finance company official asked Marty to supply the name of his brother. When the Westlake man replied that he was an only child, the near-successful hoax was revealed.

As related to police by the loan company official, a man matching the description of one of Mrs. Marty's visitors had requested a $300 loan in Marty's name. The suspect declared he needed the money to pay for medical attention for his brother.

In applying for the loan, the suspect was able to give a fully-detailed report on Marty's background and credit rating, arousing no suspicion that he was impersonating the Westlake man.

Both San Francisco and Daly City police are investigating the case.

ARREST SSF DRIVER AFTER NEAR MISHAP

A South San Francisco service station owner was booked on a drunk driving count Friday night after his auto narrowly missed striking two police officers.

Magnus Lester Hammar, 47, 132 San Diego avenue, Lomita Park, disregarded directions to detour around a fire at Bismark and Mission streets, police said. Officers Richard Phillips and Richard Sims were forced to jump to safety as the auto headed straight towards them, they reported.

When Hammar slowed down at the scene of the fire, he was taken into custody by Sergeant David Hanson.

The service station owner, free on $500 bail, is scheduled to appear in court on Thursday.

Besides the drunk driving count, Mrs. Topping was cited for speeding and driving without due caution, operating a vehicle without a license and driving without headlights.

Small Boat Harbor for North County?

Possibilities for a small boat harbor serving the north county area received a complete airing before an Assembly interim subcommittee on marine affairs at the San Mateo city hall Monday. Chairman of the committee, Assembly man Louis Francis, had called the special hearing to discuss the future development of small boat harbors in San Mateo county.

"The north county harbor planned at South San Francisco would be planned for the residents of Daly City, Colma, San Bruno as well as South San Francisco and would serve well over 100,000 people," Chairman Francis predicted.

Francis asked to hear witnesses from South San Francisco area on their proposed plans. The first witness was Louis Silvas, member of the South San Francisco Planning commission. Silvas testified as follows:

"I am, first of all, a very new member of the Planning Commission having become a member just last Friday and I am not thoroughly acquainted with all the details yet. However, I do know that we are very interested in the harbor situation from the standpoint that not only will we take care of South San Francisco, but of Daly City, Colma, San Bruno and the entire north county area.

"I must disagree with two statements made earlier this afternoon. Someone pointed out that one bigger and better harbor would serve our purposes rather than several smaller ones. I think South San Francisco has one of the best areas for establishment and development of a small boat harbor. The people of the North County are eager to have a yacht harbor. Their enthusiasm and spirit have grown tremendously and are determined to see that we have such a harbor. And, Assemblyman Francis, when there is a chance to get any money, we'd like a chance to have a go at it."

Chairman Francis said, "I think this point is well taken, particularly from the standpoint that you have no boat harbor in the northern end of the county, although there are a few in the central and south part of the county."

Testimony was also heard from proponents of harbors in Redwood City, Belmont, Half Moon Bay and Coyote Point in San Mateo.

CHAIRMAN and Assemblyman Louis Francis is surrounded by his Assembly subcommittee on marine affairs which held an all day hearing in the San Mateo city hall Monday on the needs and development of small boat harbors in San Mateo county. The committee from left to right: Assemblyman Augustus Hawkins, Los Angeles; Mrs. Lynn Carroll, secretary; Chairman Francis, San Mateo; Assemblyman Donald Doyle, Lafayette; and standing Assemblyman Bernard Brady, San Francisco; and Assemblyman Richard Dolwig, from the 26th district San Mateo county.

Meyer Welcomes 73 Westmoor Hi Gridmen, Schedules 6 Games

Approximately 73 gridders turned out for opening practice of Westmoor High's first football varsity Tuesday at Jefferson.

Head coach Dutch Meyer was enthusiastic over the number of candidates, but admitted "most of the boys are pretty green and we'll need a lot of work."

His Rams, who become full-fledged members of the Peninsula Athletic League next year, are booked for six exhibition contests this fall. Games are lined up with Sunnyvale, Cubberly, South City, Los Altos and Jefferson's varsity. All are road games except the Jeff tilt.

Meyer said squad cuts will be made next week to Westmoor varsity and frosh-soph elevens. The gridders are slated for a heavy scrimmage Saturday morning.

Meyer, former University of Nebraska player, has a wealth of experience. He was assistant frosh coach at University of Colorado for two years and served as trainer for the Colorado Springs and Lincoln teams in the Western Baseball League. Dutch was assistant varsity football coach at South City before accepting the Westmoor job.

Rod Losberger will skipper the Ram frosh-sophs with Tony Giammona as assistant.

The varsity schedule:
Sept. 28—Sunnyvale—3 p.m.
Oct. 10—Jefferson
Oct. 19—Cubberly—3 p.m.
Oct. 24—South City—3 p.m.
Nov. 9—Los Altos—3 p.m.
Nov. 21—Cubberly—3 p.m.

Podesta Nurserymen Topple Braves, 9-3

A pick-up Podesta Nursery nine walloped the Daly City Braves, 9-3, Sunday in a game at Marchbanks Park.

Using only 5 of their regular roster, the Nurserymen collected only 6 hits off the combined offerings of Kelly Oliveras and Dennis Draper. Oliveras yielded to Draper in the fourth inning.

Draper led the Braves at the plate with a pair of singles. Bill Brestell slammed a triple and Oliveras and Dick Geno got the other Brave hits.

Diamond Watch Stolen From Daly City Woman

A $365 diamond watch was reported stolen this week from Mrs. Irene Fonti, 391 Brunswick street.

Mrs. Fonti told police that she last saw the watch two weeks ago in her bureau drawer. When she went to get the watch Monday, it had disappeared.

COASTSIDE SPORTSMEN'S CLUB of Sharp Park recently became the first group in the county to take visual safety under San Mateo County Optometric Society's new hunter's safety public service program. Shown participating in the screenings at Sharp Park firehouse are (left to right) Dr. Ralph M. Marshall, Dr. Robert L. Mandel, Leroy Smith, Ury P. Afanasief, Fergus Ward, Charles Gordon, Dr. Robert G. Rosenberg, Dr. Irving J. Weissman and William A. Sherman. Thirty-two club members made high scores on the visual tests, while only four encountered color vision difficulties.

Forty Report To Jefferson's Opening Football Practice

Forty players answered Joe McGrath's first practice call at Jefferson Tuesday as the Indians began preparations for the 1956 campaign.

The Tribe worked on fundamentals this week and will bang heads in scrimmage sometime next week. McGrath hinted he wasn't satisfied with the reporting condition of several of his men. He notified them three weeks ago to start getting into shape on their own.

Outlook for Jefferson is bright with a bevy of talent up front and some promising newcomers in the backfield.

McGrath's line boasts plenty of potential although only one first-stringer returns. He's Rich Duncan, who will miss drills for at least a week due to a burn on his arm. The 175-pounder is a likely starter among the forwards. His key partners figure to be Lou Arrighi and George McNutt.

Topping the end spots are towering Tom Cloutier, 6-4 and 200, and Steve Canty. Delmar Scott, another solid defensive man, also is in the running for starting terminal duty.

Jim Farley, 6-3 and 220, and Ron Moon, 6 and 205, are the cream of the tackle crop. John Finley heads the center candidates. He's 6-2 and 185.

With Jim Honeywell gone, Jeff's backfield is open to all comers. Ed Leveroni has the inside track at quarterback, while Dan Miceli and Tony Tapia, up from the frosh-sophs, are strong contenders.

Reed Grandy and George Domenici will get some stiff competition at halfback from Dave Callaway and Lee Tyler. Sonny Martinez and Neil Dunsford, two other frosh-soph graduates, also are good prospects.

Lee Cassentini, lone backfield regular from 1955, is back at his fullback job.

The Indians are working out from 10:15 a.m. to noon, Monday through Friday. Their league opener is October 5 at Burlingame.

McGrath's coaching assistant is Steve Mezzera.
